

2019 China Social Impact Awards

7th November 2019

Gala Dinner Sponsorship

In 2017 the British Chamber established the China CSR Awards to recognise and celebrate the achievements of companies to further social good, environmental sustainability, inclusion and diversity. The Awards proved to be a great success with over 80 companies entering the contest, and over 200 people attending the awards ceremony.

With this in mind, and on the back of the hugely successful 2018 British Business Awards, the British Chamber of Commerce in China is proud to launch the 2019 China Social Impact Awards.

The 2019 China Social Impact Awards will expand the scope and encourage more companies to take part. Influenced by the UNDP's 17 Sustainable Development Goals, companies will compete for 7 different awards. Each award will be available to companies in two categories, Corporate and SME. The winners will be selected by an independent judicial panel. While over 250 guests sit and enjoy a gala dinner, the winner of each award will be announced and invited onstage to receive true recognition for the incredible work they have done making this world a better place.
